

I am opposed to the FCC proposing to expand the LPFM service in any way to where they have priority over the current FM translator service. K-Love radio is a wonderful, family oriented radio broadcast. I know that my child can listen to this station without my worrying about having to censure it's content. We are in a rural area and do not have access to many stations. I would be very upset as a US citizen to think that this privilege would be taken away from me and my family. I feel that we should have a choice to hear the national radio station, K-Love, in our area and this right would be affected if the LPFM is expanded. It is in the best interest of the citizens of this area to keep the K-Love service in our area and across the nation.
